

Work Health & Safety Policy

Cadwell Construction & Interiors' goal is to improve health and safety and to eliminate workplace injuries and illnesses at Cadwell Construction & Interiors places of work.

Cadwell is ensuring that health and safety is considered to be of the utmost importance. Resources in line with the importance attached to work health and safety will be made available so that we comply with all relevant Acts and Regulations and ensure that each workplace where our employees, and/or any other person legally at Cadwell place of work, is safe and without risk to health. Cadwell Senior Management is committed to ensuring all workers are trained and competent in their tasks.

Cadwell strives, through a process of continuous improvement, to fully integrate health and safety into all aspects of its activities. This is achieved by implementing and maintaining a framework that ensures the systematic management of health and safety, and setting measurable objectives and targets aimed at controlling higher risk activities and increasing awareness of health & safety.

Cadwell promotes a proactive health and safety management philosophy based on effective communication and consultation, the systematic identification, assessment and control of hazards and the encouragement of innovation. The promotion and maintenance of work health and safety is primarily a management responsibility with management staff at every level within our organisation required to contribute to the health and safety of all Cadwell work premises.

Cadwell is committed to consulting with staff in a meaningful and effective manner on OHS issues, enabling each member of staff to contribute to decisions that may affect their health, safety and welfare at work.

Cadwell expects staff and service providers to comply with its work health and safety policies, procedures and programs and to observe all directions on health and safety from designated Cadwell Construction & Interiors supervisors and managers.

Cadwell's commitment to work health and safety for its employees and/or any other person legally at Cadwell place of work is as important as the Company's commitment to outstanding service to its customers. There can be no compromise with work health and safety.

The Company undertakes to regularly review this policy to take into account any changes in legislation.
